

Redfield® Revolution™ 3-9x40mm Riflescope

4-Plex™ Reticle

Accu-Range™ Reticle

ABOUT

The rebirth of an American legend; the all-new Redfield Revolution™. Made in Oregon using state-of-the-art design, manufacturing, assembly, and testing techniques, the Revolution™ produces optical, mechanical, and functional superiority that no import can rival. The Illuminator Lens System™ combines premium lenses with cutting-edge multilayer, vapor-deposition coatings to provide unparalleled image quality, a greater usable field of view, and superior light transmission. For absolute long-range precision, the available Accu-Range™ reticle provides hold points to 500 yards with matchless

simplicity and deadly accuracy, while meticulous attention to detail generates the ultimate repeatability and reliability of the Accu-Trac™ adjustment system. Painstaking design effort resulted in Redfield's exclusive Rapid Target Acquisition™ (RTA) eyepiece, meaning no more missed opportunities because you couldn't find the "sweet spot" behind the scope. Tested to levels that literally render competitive scopes useless, you can rest assured that your Revolution™ is absolutely waterproof, fog proof, shock proof, and covered by the Redfield Full Lifetime Warranty.

FEATURES

Made in Oregon
